HOW YOU SEE IT....

I really don't know of anything this column has not attempted to analyze and in effect criticize. And I don't know of anything left to be said about newspapers and communicators that normally human and sensitive people have not said in response.

Trying to avoid the failure of advocacy journalism, which sells and tells one viewpoint, and adversary law, which prosecutes and defends at times anything but the truth and confounds justice, I join the ranks of commentator and critic, who, having said it in cold, black type, say no more.

People at gray dawn, over the workbench, driving home from the store, determine at a point in time what the truth is. Rich, poor, vertically motivated middle-class, they all tend to tell their peers, their mates, their friends the truth.

Such response is more objective in the accumulation among hundreds, thousands or even millions, impersonalized and tacked this way and that among equally myriad numbers of viewpoints, prejudices, opinions and experiences.

If not a consensus, a notion; if not a majority, a plurality; if not a landslide, a ripple. It used to be called, amongst family or friends, "getting it off one's chest."

The feedback, the poll, the results become truth for the moment against a backdrop of history, itself a matter of opinion, of interpretation, a whisper in the roaring winds of time.

Tampering with all this is some responsibility, if one is considered a serious critic, a serious observer, a trained witness across an endless beach of grains of sand. What one sees written there may be invisible to another.

One sees with the mind's eye, whose retina is much larger than vision, larger still with the experience of five senses and for some, a sixth.

An irony here is when something approaching a truth comes from the untrained, but honest observer. His lack of experience, his lack of training have no bearing on the ability to describe what he sees.

The dot shades the picture and adds to the meaning of the picture as dot after random dot flecks into place. A critical mass -- not only opinion, but truth -- adheres when each fleck represents in proportion the dot, the grain of sand of the untrained, even the witless observer.

There is a computer printout in my office which materializes letters, punctuation and numbers -- alpha and numeric -- of a computer printer. This printout materializes pictures of Martin and me.

Those letters and numbers respond to the light waves fed through the program and transistors of a small computer receiving our televised images. To a point, the further one stands from these pictures, the clearer, more recognizable they become. Stand too close and all one sees is uneven rows of letters and numbers.

A fool at proper distance would recognize our pictures. A columnist inquires and wonders why the print was less clear than the original or why anyone would pay to have bad pictures created by a computer.

The fool sees the two dimensions just as clearly as a trained observer. But he may not have any notion how it got there or what that technology is doing other than printing out vague pictures of people.

He cusses the observer who sees more than he does and tells more than he wants to know. But, he trusts, that someone is available to do such things when his trust is misspent outside his family or friends.

He is not alone. That is precisely when the communicator and critic serve.

Yoe Band Wins UIL Sweepstakes

The Yoe High band returned from Temple last Wednesday, April 27, with the Texas University Interscholastic League's highest award in music, the Sweepstakes Award.

The trophy was awarded to the band and director Jerry Bartley after they won division-one ratings in all categories of band, including marching, concert playing and sight reading.

The band's climb up the musical ladder toward the sweepstakes award this year started last November when it was awarded a first division trophy.

After the Yoe band performed their concert playing (consisting of a warm-up march and two selections from the UIL prescribed music list), and sight reading (consisting of a selection which they had never seen, played for the judges), anticipation was running

high as band members waited for their results in the foyer of the Temple Junior College auditorium.

Before the ratings were posted, Sam Knepley, long-time friend of Bartley and music salesman to the band, called Bartley into the office to tell him that the judges had given the band a first-division in both concert playing and sight reading which qualified it for the sweepstakes award.

When Bartley appeared in the foyer with the large trophy, screams of joy and excitement greeted him.

"I am thrilled to see these young people so emotional over winning the sweepstakes trophy," Bartley stated. "My heart goes out to the seniors who have worked so hard with all the band members throughout the year; and knowing this was their

last chance to try for the coveted award -- I love these people very much."

Bartley said criticism sheets from all the judges were very complimentary to the band's performances.

The band started marching the day after the contest in preparation for competition in a music festival in Lake Charles, La. on May 6 and 7.

The Yoe band will compete in a parade Friday night, and in the half-time competition the next day in the stadium. It has been put in the same class as bands from Belton, Big Spring, Churchill-San Antonio, Fort Stockton, Permian-Odessa, and bands from Georgia, Louisiana, and Alabama.

"Our work is certainly cut out for us there," Bartley said.

JUBILATION REIGNS among Yoe band members and director Jerry Bartley after the band was declared sweepstakes winner

at the UIL band contest held in Temple last week. The large trophy can be seen in the left foreground.

Rockdale Bank Announces Promotions

The directors of the Rockdale State Bank announced the May 2 elections of Harold M. Luckey as chairman of the board of directors and of Michael L. Allen as a director and president of the bank.

His election as chairman of the board caps a long career in banking by Luckey. A native of Rockdale, he was employed by Rockdale State Bank in 1931 as assistant cashier. In that mid-depression year the bank's deposits were \$295,000.

In 1959 he was made vice president of the bank. Upon the death of the late Ted Ryan, in 1962, Luckey was elected to the presidency and has held that position until the present. Over these years of his service, the deposits of the bank have grown to the present \$22,816,000.

Luckey has also been active in statewide banking affairs. He has served the Texas Banking Association for many years as a director and on a number of board and committee assignments, including treasurer.

Allen, a native of Marble Falls, was employed by the U.S. Treasury Department in the office of the Comptroller of the Currency for several years. Just prior to coming to the Rockdale State Bank he served two years as president and chief executive officer of the Schertz Bank and Trust.

He has held a position as vice president of the Rockdale bank since July 1, 1976.

Allen is active in civic affairs in Rockdale, being on the boards of both the Rockdale Chamber of Commerce and the Rockdale Rotary Club, as well as a member of the Rockdale Fair Association.

Court Report Cites Guilty Pleas

Six cases of burglary, one case of DWI-subsequent offense, and four juvenile cases were disposed of in District Court Friday, April 29, according to a report from County Atty. John B. Henderson Jr.

Samuel Henderson of Branchville pleaded guilty to an indictment charging

him with burglary of a building. He was found guilty by the court and sentenced to two years in the Texas Department of Corrections. The sentence was suspended and he was placed on probation.

A two-year probated sentence was handed down in the case of Donald S. Hart of Coupland, who pleaded guilty to burglary of an automobile. Conditions of probation included \$320 restitution to the injured party.

Robert E. Foster of Gause pleaded guilty to driving while intoxicated-subsequent offense and was sentenced to a two-year term in prison; however the sentence was suspended. He was placed on probation and ordered to pay a fine of \$150.

Billy Dean Allen of Thorndale also pleaded guilty to burglary of an automobile and received a two-year probated sentence. His probation included provision for restitution of

\$320. Restitution of \$25 will be paid by Richard Acosta of Cameron upon his conviction of burglary after he pleaded guilty to the offense. He received a two-year probated sentence.

Also pleading guilty to burglary was Michael Pratt of Cameron. His two-year sentence was probated and he will pay \$25 restitution.

Pat Glass of Cameron waived indictment and pleaded guilty to burglary of a vehicle. She was sentenced to three years in prison with the sentence probated by the court.

All defendants were assessed court costs and were ordered to pay a monthly fee to the Milam County Probation office.

Four juvenile cases were heard by the court. In one of these cases, the juvenile was declared to be a juvenile delinquent and was committed to the Texas Youth Council.

Dedication Set Saturday For Youth Building

The Youth Exposition Building in Cameron will be dedicated to the youth of Milam County Saturday morning, with the building open at 10 a.m. and the ceremony beginning at 10:30.

On the program will be young people representing 4-H, FFA, and FHA groups in Milam County. Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service at A&M will be the guest speaker.

There will be exhibits on display from the county youth groups showing their programs and accomplishments, and livestock will be on display in the show building. Refreshments will be served.

A special invitation is issued to all who have worked with the youth of the county on their projects through the years and dreamed and worked for the facility.

Everyone in Milam County is invited, because if it had not been for their contributions, funds would not have been available for the new building.

Council OKs Request For Fall Art Show

City officials granted a request from the Chamber of Commerce Ladies Committee to use the library grounds during their fourth annual Fall arts and crafts show, set for October.

Mrs. Alma Bush made the request to the city council Tuesday evening and outlined plans for the show, which will include a flea market this year for local sellers. The market would be set up on the library grounds and Bush emphasized that no vehicles would drive on the grass.

In other business, council voted to abandon E. 13th between Central and Fannin, with the city retaining water easements.

Council heard that labor and poles for replacing some 413 street signs may cost up to \$4,000. The signs are needed to replace substandard signs

according to a recent traffic survey. Boots Stroup and Morris Eplen were reappointed to the airport zoning committee, with the county to appoint two members and a fifth to be elected to chair the group.

Council discussed purchase of a piece of property owned by Perry Holder for a cemetery addition. Asking price is \$5,000 to be paid over three years with 8 1/2 percent interest. Councilmen favored the purchase but balked at paying interest.

The resignation of David Giordano as fire truck driver was accepted with Fire Chief Felix Matula reporting that a replacement is being sought.

Council also authorized the city secretary to advertise for bids on a new fogging machine.

Folk Fete Plans Told

Music, food, dancing, and a lot of fun is in store for this year's Folk Fete visitors, according to plans revealed by Milton Wright, Folk Fete president.

The Fete will be held at a new location -- the Mexican fiesta grounds west of Cameron, where dancing and other entertainment will be staged in the covered pavilion.

Events will get underway Thursday, June 9 with the Folk Fete queen contest at Methodist Fellowship Hall. Mrs. Regina Hairston is chairman for the

contest and entries are welcomed from all over the county.

Confirmed bands include the Mike Flores Band, Red Watson and Texas Country for Friday night. On Saturday night the Little Fisherman from Corpus Christi will play Polish, German and Czech music. The Vrazel Polka Band will entertain on Sunday night.

Daytime entertainment Saturday and Sunday will include the Rhine Steins, the Mike Flores band, and the Little River Ramblers. There will be other entertainment groups on Saturday and Sunday also.

Plans have been made for a cow chip throwing contest, a dunking board, a carnival and ride area, arts and crafts booths, and all types of food booths.

Admission will be \$1 per person per day which will entitle visitors to the dances in the daytime and booths.

There will be a parade on Saturday morning and entries are open. Mrs. Pearl Krenek is parade chairman.

James Anderle is food booths chairman and Maxie Morgan is in charge of arts and crafts booths.

News Briefs

Young Man Electrocuted

A young Leesville man was electrocuted early Monday afternoon near Davilla as he came in contact with power lines while riding on top of a large storage tank that was being transported along FM 437.

The victim was identified as David Lott, 24. He was pronounced dead at the scene by Justice of the Peace Reed Davis who ruled accidental death.

Driver of the transport truck was Frank Travino of Seguin, who was not injured. The accident was investigated by Davis and Constable Finis Voyles.

Show To Benefit Little League

Cameron Little League benefit night will be held at the 77 Drive In Theatre on Monday, May 9, when "Mustang Country," starring Joel McCrea, will be shown starting about 8:30 p.m. All proceeds from the admission will go to the Little League.

Lions To Host Shell Execs

Two Shell Oil officials will be guests of the Noon Lions Club on Monday at The Texan and will comment and answer questions about a Radian Corp. study on the impact of lignite mining in the county. Anyone with questions or comment is invited to attend.

Fire Truck Driver Resigns

Cameron fire truck driver David Giordano submitted his resignation effective May 14 to take a position as fire fighter with the College Station fire department. He has been the local driver since September of 1976. Applications for a certified driver are being taken at City Hall.

Rogers Amends Ordinance

The Rogers city council meeting Monday amended an old ordinance to require trains not to exceed 40 miles per hour through the city and to limit to ten minutes the blocking of a crossing. The changes were made at the request of Santa Fe Ry.

Art Show Set

An art show will be held at the Cameron Public Library Saturday from 9-4, with students of Mrs. A.W. Zajicek of Buckholts displaying their work.

Fund Provides Trees

Fourteen trees have been planted on Cameron school campuses, paid for out of the Hilliard Thomas Memorial Fund which was started after Thomas' death some years back.

The project to raise funds for school beautification collected \$337. Supt. Buddy Dulin said.

The trees include nine live oaks, two bald cypresses, and three spruce pines. Some of the trees went on each school campus, Dulin said.

Hardly Housed At All...

We note Waco's advisory sub-committee to Waco School District found a void exactly like that in Cameron Independent School District.

That void is the discovery that four Waco high schools have no auditorium, each using a gymnasium for productions easily in need of good accoustics, seating and staging. Three out of six Waco junior high schools have no auditoriums.

O.J. Thomas Junior High has a gym-stage combination. Accoustics in both are atrocious for vocal, instrumental or theatrical purposes.

Which is to say the performing and communicating arts in Cameron, like Waco, are not insufficiently housed. The arts of speech, drama, chorus and band are hardly housed at all.

Waco has Baylor Auditorium and Waco Convention Center for university or professional performance. Cameron has National Guard Armory, the new Youth Exposition Building and a band hall.

The problem is the audience and performers have no place they can share which gives the performers a de-

cent place to be seen or heard and the audience a chance to see or hear comfortably.

The lacking in Cameron has to do with finance in CISD. The arts have always been treated with sleight-of-hand for the practical, for the team sport, for space to function.

The band relates to football in YHS. YHS vocal music is third cousin to the band through the conductor. The journalism student has no newspaper, not even mimeograph. If there is an arts program, it has not surfaced.

In both Waco and Cameron, it is a commentary on the emphasis on the practical and the popular. The curious thing, however, is that after everybody gets some kind of job, settles to the mundane days of life, they look for alternatives to brighten them.

The brighteners are music, the arts, books, the dance, theatre and sculpture for which minimum appreciation has been offered here in public schools.

It is a function of modern schools to encourage the arts. And facilities like auditoriums and funds to build them would help.

'Huzzah', 'Help' For Streets...

Cameron has excellent projects on the drawing boards for sections of new streets in Northeast and Northwest Cameron.

But what about a little maintenance on the streets already built?

The spring rains have done gouging only careful and continuous repair can handle. City Public Works Dept. might take a hard look

along those avenues and streets already paved.

The longer maintenance is lacking, the more the repair and the sooner the need for new paving. Once the water erosion reaches beneath old paving into the gravel and base, it is not long until the asphalt splits and tears.

So "huzzah" for the new streets. But "help" is what a lot of the one needs need.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

BREACH OF ETHICS CALLED UNDERHANDED

Rep. William M. Ketchum Calif. "...I rise this afternoon to call my colleagues attention to one of the most underhanded and unethical tactics I have ever witnessed in this Congress...

"At its initial meeting the very first, mind you, committee member waived the rule prohibiting Members from accepting gifts of over \$100 in the aggregate per year so that Senators may visit Communist China as guests of the Government-sponsored Chinese People's Institute of Foreign Affairs.

"This sleight-of-hand maneuver was accomplished in order to relieve the fear

of our esteemed colleagues who would knowingly violate their rules because the Chinese insist on paying for all arrangements when an official delegation visits their country. In other words, either find a way around the rules or stay at home...

Rep. Charles H. Wilson (Calif.) "...It is with some distress and consternation that I read of actions taken by the Senate Ethics Committee yesterday to waive a provision of that body's recently adopted code of conduct....

"It seems quite ironic to me that one of the initial steps voted by our embryonic Ethics Committee is to compromise the standards we have so diligently and laboriously set for ourselves. The situation is further compounded when one recalls the criticism leveled by the media and Members, of travel sponsored by private organizations within the Republic of Korea and China...

Rep. Robert E. Bauman 9md.) "...As a member of the House Commission on Administrative Review, who helped to draft the ethics proposals which were adopted by the House, I can say that it is this one Members opinion that the code of ethics now in affect forbids the acceptance by Members of this House of the gift of travel expenses from foreign governments such as those being offered by Red China for Members of this Congress. Article I of the constitution also forbids the acceptance of such foreign gifts...

CRUMP'S GRASS ROOTS COMMENT

The temptation of a free trip to Communist China was stronger than the determination to support the recently adopted Code of Ethics.

"It is a great obstacle to happiness to expect too much."

Bernard De Fontenelle

Dateline Austin

Bill To Combine 3 Water Agencies

Consolidation of Texas' three major water agencies has approval of the Senate, and a House version of the legislation is ready for debate.

The bill (SB 1139) by Sen. Grant Jones of Abilene would combine these agencies into a new central Department of Water.

Texas Water Development Board, Texas Water Rights Commission and Texas Water Quality Board.

Merger of the three agencies, recommended by the Hobby Commission on economy and efficiency in state government, may save an estimated \$1.8 million a year.

Sen. Lloyd Doggett of Austin attached an amendment to the merger measure in the Senate which may not appeal to the House. It would make appointment of the new agency's executive director subject to confirmation by the Senate.

There are a variety of other differences in the House and Senate bills, but Jones remains "optimistic" that final agreement can be reached on the legislation before scheduled adjournment of the legislative session May 30.

Free Books Voted

Ignoring warnings that their action may be unconstitutional, senators approved legislation to provide free textbooks for church and other non-public schools.

The bill was finally passed and sent to the House late last week.

If it clears the House and is signed into law, the state would furnish textbooks to some 150,000 students in 750 private schools at a cost of up to \$7.2 million the first fiscal year, dropping to \$1.3 million thereafter.

Officials Feuding

Gov. Dolph Briscoe and Atty. Gen. John Hill, expected to square off in the 1978 governor's race, are exchanging some warm words already.

Briscoe was quoted in a Houston interview as replying to a direct question that he would not rule out shutting off Texas gas to the Northeast in protest to proposed federal energy programs.

Hill said that was "irresponsible."

Briscoe fired back that he has just started to fight and "those who want to knuckle under to greater federal regulations and to the federal bureaucracy" can criticize him if they want to.

"It is important that public officials of Texas try to present a united front to Congress and the administration on this extremely important issue, rather than to let partisan politics interfere in a matter of vital importance to the future of our state," retorted the governor.

Hill pointed to contrac-

tual obligations in sales of gas interstate. He indicated he isn't entirely happy with some of President Carter's energy proposals himself; but added: "You don't challenge the president of the United States legally for exercising his right of free speech."

Appointments

Briscoe named H.B. Zachry Jr. of San Antonio to serve the remainder of the unexpired term of H.H. Coffield of Rockdale on the Texas Board of Corrections. Coffield has resigned.

Briscoe also filled vacancies or announced reappointments to new terms on 16 other boards, agencies and authorities.

AG Opinions

The county civil service act does not apply to deputy sheriffs, Atty. Gen. John L. Hill said in a new opinion.

Other recent Hill opinions concluded:

A bill dealing with local option elections on alcoholic beverage sale in cities located in more than one county is constitutional.

The measure provides that elections shall be held by the county clerk and commissioners court of the county in which the greatest number of qualified voting residents of the line-straddling city reside.

Stationery as referred to in items sold by the blind to state agencies includes pens, pencils, pads and paper clips.

Dallas and Mesquite do not have authority to form a joint airport zoning authority with respect to an airport not owned or controlled by either of the cities.

A state agency may not restrict bidding on contracts to persons licensed to do business in Texas.

Laws providing for confiscation of shrimp aboard a vessel on which any shrimp have been unlawfully taken does not deprive the shrimp owner of due process of law.

A copy of an engineer's application for registration filed with the Board of Registration for Professional Engineers is subject to disclosure under the open records act.

OLD PHILOSOPHER

Dear editor:

About this time of the year, a short while after income tax paying time, somebody comes out with a demand to simplify the tax forms and everybody agrees; that is, everybody except lawyers and other people who get paid for filling in the forms.

One economist who had trouble understanding the complicated 1040 instructions which send you from one page to another and then back again, in language not even clear to the man who wrote it, came out with a simple plan. He says throw out all the forms, the deductions, the credits, etc., and just tax everybody 10 percent of his income, regardless of what it is. He claims this will bring in about the same tax revenue as the present complicated system, not to mention how much coffee it'll save for people who stay up late April 15 sweating over the thing.

This plan is far too simple for the government to consider. The government isn't interested in some-

thing unless it's unreasonable.

The plan however is sound, only it doesn't go far enough. Instead of taxing 10 percent of your total income, it ought to tax 10 percent of what you have left at the end of the year. This would suit everybody except those with a million-dollar income. They like the present system.

Now the government will argue this wouldn't leave it enough to operate on. The same argument can be turned the other way: the present tax system doesn't leave some people enough to operate on either.

But we're all facing ways of austerity, we've been told, and the government shouldn't be exempt, although this goes contrary to the fundamental principles of politics. When a politician tells us to tighten our belts, he generally shows us how belts are adjustable by loosening his. Congress just recently taught us how to fight inflation by giving itself a 29 percent raise.

Yours faithfully,
J.A.

Courts Speak

The Texas Supreme Court held a Nueces County district judge should vacate an order denying motions of a widow to direct a hoist and derrick company official to answer questions put to him in connection with an accident which caused death of the woman's husband.

The death penalty assessed a Bell County man in a knife slaying during a burglary and theft was upheld by the Court of Criminal Appeals.

Short Snorts

The Texas Railroad Commission approved a 60-day 50,000 mcf per day emergency interstate sale of natural gas by Lo-Vaca Gathering Company to Northern Illinois Gas Co. with \$1 million in proceeds credited to Lo-Vaca's Texas customers.

Gov. Dolph Briscoe signed into law legislation to clear the way for building a coal slurry pipeline from Colorado to Texas — but plenty of technical problems still stand in the way of construction.

Mexican-American legislators endorsed State Rep.

Ben T. Reyes of Houston to succeed Leonel Castillo as treasurer of the State Democratic party. Castillo recently was named commissioner of the Immigration and Naturalization Service.

Briscoe approved the bill to remove the sales tax from newspaper sales.

Utility taxes are booming due to rate increases. Gross receipts taxes on electric, gas and water utilities and telephone companies brought in \$80.2 million during fiscal 1976 and have yielded \$53 million the first six months of fiscal 1977.

State Insurance Board Chairman Joe Christie is suggesting a state alternative to federal hospital cost controls — legislation setting up a hospital cost care commission and a minimum health insurance program for all companies.

The English walnut tree is a native of Iran, not England.

Natural gas does far more than heat your home!

GAS FIRES THE BRICK THAT THIS AREA'S CONSTRUCTION INDUSTRY WILL NEED TO BUILD A STRONGER ECONOMY.

As the building industry goes, so goes this area's economy. And the benefits of construction starts are all the greater when locally manufactured materials are used. Because more of the money stays at home to create more jobs.

Brick manufacturers in the Lone Star service area employ more than 10,000 people in making, distributing and selling brick. Many of these jobs depend directly on natural gas as the most efficient and economical source of heat for firing the brick.

Temperatures in the kilns run as high as 2,600 degrees F the year around,

and this takes a lot of gas. Brick plants served by Lone Star require more than 1.6 billion cubic feet annually. Now, with so many jobs at stake in this one industry alone, future gas supplies must be considered.

It's time to build job security.

Vast basins of natural gas, yet untapped, are crossed by Lone Star's pipeline system. A fact that puts Lone Star in one of the most favorable buying positions of any gas company. But, with steadily rising prices, the new gas will be expensive.

The risk is that companies in energy-short areas of the nation could wind up with the lion's share of these reserves as they are developed.

Buying enough gas to last this area far into the 21st century adds up to one inescapable fact. Both you and Lone Star will have bigger gas bills, because Lone Star cannot make the purchases without a fair return on the necessary investment.

But we're ready to invest in this area's future. If you are.

Lone Star Gas Company
Working energetically for your area's future.

County Agent's Notes

Redleaf Virus Affecting Grain

By Bill McCutchen
Milam Co. Extension Agent

The grain sorghum crop is up and growing off fairly well and most fields are finally void of greenbugs and sugarcane aphids but some fields are looking very red with spotted leaves and frankly look pretty sick.

The problem in most instances is the redleaf form of the Maize Dwarf Mosaic Virus or (MDMV). Several factors are necessary in a field for the redleaf form of MDMV to show up.

MDMV virus overwinters in Johnsongrass rhizomes and is a source of infection for the grain sorghum crop. Greenbugs, sugarcane, aphids and cornleaf aphids suck the Johnsongrass and then transmit the virus to the growing plants.

All sorghum is susceptible to MDMV causing striped white and green leaves but the redleaf form shows up in only some susceptible varieties.

For this form to develop you have to have had aphids to transmit the disease, a redleaf susceptible variety, and night temperatures have to drop to about 55 degrees F or below. We have had all of these factors and thus the redleaf MDMV.

How badly does this disease hurt yields? Fortunately, not too badly. I have seen fields with sorghum leaves in shreds from this disease go ahead and make good to excellent yields. Some production yield loss is expected but damage is usually not nearly as severe as the looks of the plant would indicate.

Within the U.S., sorghum is chiefly grown in California, Texas and Arizona.

COTTON REPLANTING

Heavy rains and cold night temperatures combined to make cotton replanting rather common in Milam County. The Thorndale-San Gabriel area usually got cotton stands up, but replanting is common in the Buckholts, Splawn, Mareksville, Burlington and Rosebud area. Some of the stands are still diminishing from "Sore-shin" or seedling disease.

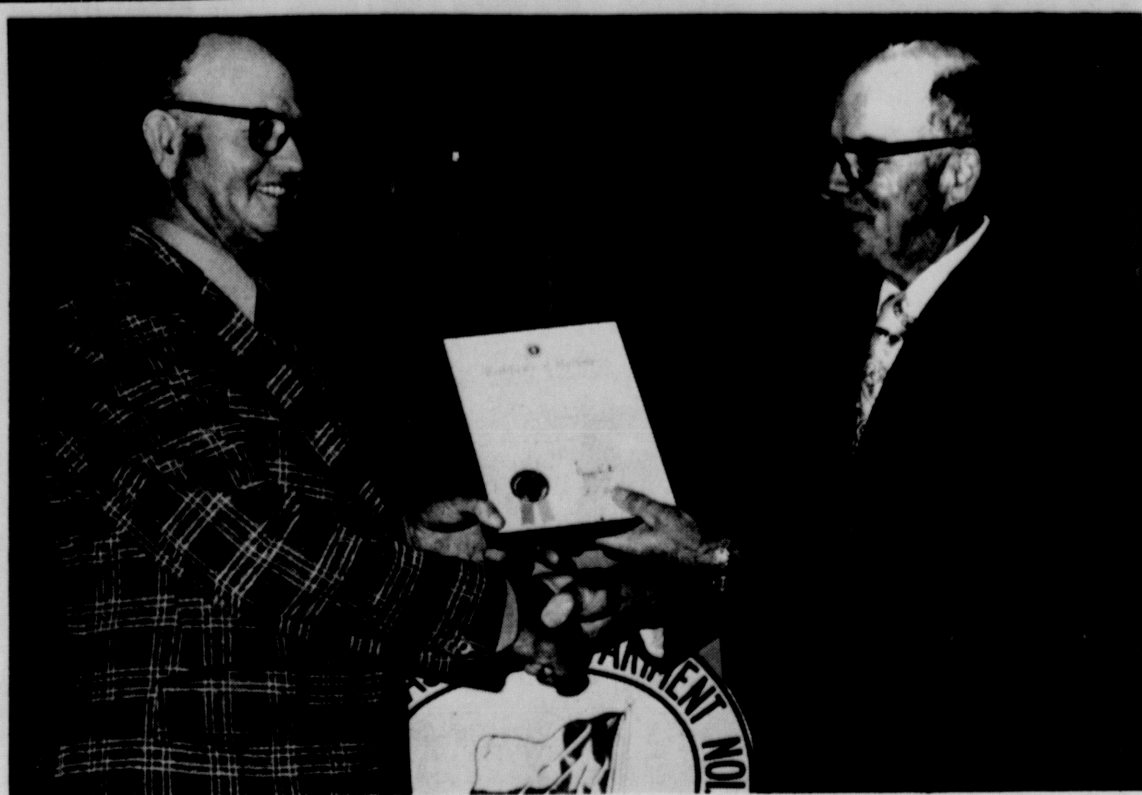

Any year is a bad one to have to replant because of the expense and insect problems on late cotton but this one is particularly bad as farmers are having a tough time in finding good seed to replant.

FU Raps Pending Cotton Legislation

Texas Farmers Union President Jay Naman of Waco has issued a warning to cotton producers that there is a move afoot which is aimed at assuring a weak market price for cotton despite the low supply and strong demand. He is calling the maneuver "a total fiasco of cheap prices created by the trade interests at the disastrous expense of the producers."

Speaking from the nation's capital where work is being done on pending farm legislation, Naman expressed once again his "shocking dismay over Administration and Congressional farm leadership that appears bent on ruining the farmer."

"There are people up here who are about to deal a death blow to cotton producers and they are hardly even letting farmers know about their fatal plans until they are already passed into law. Special interests of the trade who want to keep cotton at low prices are telling the Agriculture Com-

RECEIVES SERVICE AWARD - Giles A. Burnett, left, maintenance technician, is shown receiving his 25 year award from Joe G. Hanover, district engineer of the State Department of

Highways and Public Transportation. Giles' entire career has been spent in Milam County. He and his wife live in Belmena.

mittee that the cotton industry is united behind cheap cotton and price ceilings. It's high time for producers to get angry and tell them they are wrong!"

Naman's comments center around proposed cotton legislation, H.R. 5719, combined with parts of the new law which would replace the expiring Farm Act of 1973. The Bill which is being pushed by the National Cotton Council and apparently gaining acceptance with the committee due to that push, allows for special limited global import quotas for upland cotton. Importation

would begin whenever the market price reaches 130 percent of the previous 36-month average price.

The global imports would go hand-in-hand with general farm legislation which establishes loan rates calculated on spot market prices weighted at 85 percent as long as that figure did not exceed 90 percent of the world price.

"What that essentially amounts to as best we can tell," says Naman, "is a loan somewhere around 51¢ a pound and a ceiling which would trigger raw imports at around 63¢ a pound in

the case of West Texas Cotton. Such a loan is totally disjointed from any cost of production figure and such a ceiling is ridiculous and devastating with the only possible benefit going to trade groups who are getting nervous watching a strong cotton market develop against their better wishes."

Joe Rankin, Texas Farmers Union vice president and a cotton producer in the Ralls area, points out that the effects of the pending legislation are already being seen in the Panhandle.

"Producers are having a hard time contracting their 1977 crop, at least at any decent rate. The National Cotton Council has filled the air with omens of 50¢ cotton and a ceiling in the mid-sixties range, so there is no reason for a buyer to offer any more on a contract."

Both Rankin and Naman have been in touch with Congressmen on the matter.

GAUSE NOTES

By Mrs. Wanda Lee

The Gause Community Improvement Program won first place in District 10 of the Texas C.I.P. on April 28. We will be judged for the Regional honor on Friday, May 13.

The 4-H Club will meet for the regular monthly meeting Monday night, May 9.

Mrs. Louie Lange came home from the hospital in Bryan Saturday where she recently had surgery.

Mr. and Mrs. Fred Piefer of Las Cruces, New Mexico recently spent several days with Mrs. Letha Piefer. Mrs. Piefer had to enter the hospital in Hearne on Friday.

Mr. and Mrs. Raymond Slay spent Saturday in Huntsville visiting with their daughter, Cheryl. They toured some of the historical sights of the city.

Buck Chandler was taken to the veterans hospital in Temple last week after suffering a heart attack.

Reed Ogden of Pasadena spent the weekend here in Gause.

Kay Albright spent the weekend in Lexington with her brother and family, Jimmy and Theopha Cass, Dwayne, Lisa and Carmen.

Mr. and Mrs. Ray Cass and Renee took his mother, Mrs. Tommie Cass to Cleveland Saturday night where she will be spending several days in the Ray Payne home.

Mr. Payne was to undergo back surgery on Monday.

Mrs. Tempie Butler and Mrs. Lee Roy Berhinger of Waco were in Houston the latter part of last week for Mrs. Butler to see an ear doctor. They went on to Galveston and came home by way of Sealy and visited with Mrs. Elsie Felman.

Mr. and Mrs. Aaron Roy Alford and daughters of Rockdale and Mr. and Mrs. Lee Roy Berhinger of Waco visited Sunday with Mrs. Lillie Fuller.

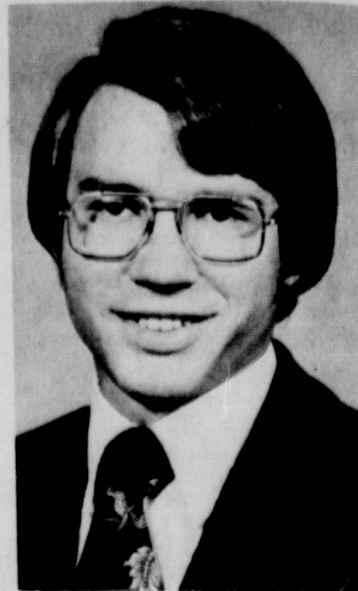

Mr. and Mrs. Sam Harris, Jody and Robert of Houston and Mr. and Mrs. Jim Harris and Andy of Tyler visited during the weekend with Mrs. Lillie Harris. The Jim

Harris' also visited with Mrs. Lillie Williamson. Mr. J. Q. Jones of New Baden visited Friday with Mrs. Harris.

Roah and Helen Miller have moved back to Gause from San Diego, Calif. They are now living in the home of her parents, the late, Leon and Sarah Bowling.

The Wayne Lee family spent the weekend in Houston with his brother and family, Mr. and Mrs. Jim Lee, Cathy, Cheryl and James.

See you all at the Mother's Day Homecoming Sunday. The program will be held at the Methodist Church this year.

RICHARD PIVONKA

Buckholts Sets Tractor Short Course

A tractor maintenance short course for adult farmers will be held May 9-12 at 7:30 p.m. in the Buckholts agricultural building.

Richard Pivonka, tractor maintenance specialist with the agriculture division of the Texas Education Agency and the department of ag engineering at Texas A&M, will do the instructing.

During the dates of the short course, Pivonka will be available to assist farmers with individual tractor problems and to provide on-the-farm instruction.

Farmers interested in attending the short course should write or call O. T. Johnson, Buckholts vo-ag teacher, or Supt. Jimmy Hawk. An entry fee of \$5 will be charged.

"Peace is our final good." St. Augustine

Toads just developed from tadpoles are no bigger than a kernel of corn.

MRS. MARC ALAN JACOBI

Absnaider-Jacobi United In Marriage

Miss Monica Rene' Absnaider became the bride of Marc Alan Jacobi at 3 p.m. on April 30 in St. Louis Catholic Church in Austin. Both the bride and groom are from Arlington, Texas.

The bride was given in marriage by her father, Mr. Louis Absnaider. The organist was Mr. Jim Marcheck of Austin.

Parents of the bride are Mr. and Mrs. Louis Absnaider of Austin. Parents of the groom are Mr. and Mrs. Alan Jacobi of Arlington.

The bride wore a designer gown of white silk organza which was fashioned with a high scalloped neck and trimmed with tiny Venice lace. The sheer yoke was made of Brussels embroidered lace. Full bishop sleeves accented with floral Venice lace, extended to the laced cuff and ended over the ring finger with a single flower of lace. Tiny seed pearls and Venice lace were delicately scattered over the full flowing skirt, which was trimmed with a double border of Venice lace ending in a chapel train. The fingertip veil was held in place with a Juliet cap trimmed with tiny seed pearls and Venice lace. She carried a bouquet of white gardenias.

Attendants in the wedding were Miss Melinda Absnaider, sister of the bride, Miss

Bernadette Lingo of Austin, Mrs. Sammy Parsons of Temple and Mrs. Gary Reid of Austin. They wore coral chiffon dresses (floor length) and carried a bouquet of sweet peas made of silk.

Best man was Keith Ma-berry of Everman and the groomsmen were: Ricki Jacobi, brother of the groom, Jim Staples of Arlington, David Lowery of Arlington.

Ushers were: Michael Absnaider of Austin, brother of the bride, Mike Letow of Dallas, Greg Weinberg of Dallas, cousin of the groom, Charles Kelley of Kansas, and Mork Roberson of Arlington.

Mother of the bride wore a floral printed chiffon floor length gown and the mother of the groom wore a brown beige chiffon floor length gown.

The wedding cake was made by the bride's aunt Mrs. Ernest Rutherford of Leander. The groom's cake was made by the bride's great aunt, Mrs. Roy Wohleb of Cameron.

A reception dinner was catered by the father of the bride and Mr. Archie Metcalf of Rockdale. Barbecue was served.

The bride attended the University of Texas and is now a senior. She is also presently a secretary for the National Association for Retarded Citizens in Arlington.

The groom attended Baylor college in Arlington and now is a senior at the University of Texas at Arlington.

The rehearsal dinner was held at the Feed Lot in Austin which was followed by a "Roasting of the bride and Groom".

MAY POLKA FESTIVAL, 1977 will be held Saturday, May 7, in Ennis. Plenty of music, food and dancing will make it an exciting week-end for all. A

festive group of Polka Dancers welcome you to the National Polka Festival.

May Polka Festival To Be Held In Ennis -May 7

The 1977 Polka Festival is coming soon! All preparations since last summer's beginning plans indicate expectations of another rousing funfest.

There will be polka music by twenty "name" bands and dancing on Ennis streets and in the four Czech halls. A big parade will start off the festivities Saturday, May 7 at 10 a.m.

Troy Dungan, Jr., channel 8 weatherman will be Grand Marshall of the parade. Being an Ennis-ex, perhaps Mr. Dungan can put in a

good word for the Festival in the weather line!

Thousands of observers and participants flock annually to this giant gala event in Ennis. Bright costumes, big bands, delicious Czech foods and a really exciting time are in store for visitors again this year in this two day extravaganza of merriment.

See you there?!!

CLUBS

Ladies Auxiliary

The Ladies Auxiliary to VFW Post 2010 met for their regular monthly meeting Monday, April 25 at 7:30 in the club room of the new Post Home.

Auxiliary President, Lillian Mikulec presiding. There was a large attendance with one visitor, Mrs. Charlie Marek of the Temple VFW Auxiliary.

Committee reports were given by chairmen: Beth Manness, April kitchen; Albinka Dueser, overall kitchen; and Lillie Kamenicky, rehabilitation. Marie Tucker volunteered for May kitchen chairman. Lisa Gannis-Buddy Poppy chairman and Mollie Jekel is chairman of the crocheted double bedspread project. Anyone interested in donation tickets may contact her or any auxiliary member. The bedspread will be given away on game night June 22 at the Post House.

President Lillian Mikulec reported that the Auxiliary has reached and surpassed its 1978 quota, being one of the only four in District 28 to do so.

Officer elections were held with the following elected for the ensuing year: Charlene Kretchmar, president; Albinka Dueser, Sr. vice president; Beth Manness Jr. vice president; Imogene Rylander, treasurer; Frances Mikula, chaplain; Mollie Jekel, conductress; Henrietta Tucker, guard and Lillian Mikulec as 3-year trustee.

The incoming president will appoint the following officers: secretary, patriotic instructor, historian, four color bearers, banner bear, flag bearer and musician. These appointments will be made at the next meeting at which time past chief - of - staff Virginia Sandiffee, District 28 of Bastrop will install the officers.

Members were elected to the District Convention and to the state convention.

After the meeting a evening meal was enjoyed by all auxiliary members and post members who also met for their regular meeting in the post hall.

The next meeting will be at 8 p.m. on May 30 at which time the comrades will take over the kitchen and do the cooking for the evening meal. The auxiliary members will bring the extras and desserts.

Pleasure & Profit

The Pleasure and Profit Club met Thursday afternoon in the home of Sylvia Titsworth.

After the business meeting conducted by Jean Tumlinson, club president, Roberta Bowling entertained the group with Irma Bombeck's latest novel "The Grass Is Always Greener Over the Septic Tank." An amusing story of life in suburban America.

The hostess served a refreshment plate of sandwiches and tarts with punch and coffee to 13 members.

Beta Nu

Beta Nu Chapter of Delta Kappa Gamma will meet at 9:30 A.M., Saturday, May 7, at the Texan Restaurant in Cameron for a brunch, with the Cameron members in charge of arrangements.

The Founders Day program will be given by Mrs. Byron Stubbs and Miss Bertha Pendergrass of Rosebud, and Mrs. Sidney Hughes of Marlin.

During the business session, the Awards Committee will report; and members having perfect attendance for the year will be recognized.

FOOD NEWS

Freeze some wild green grapes for an unusual flavor treat. Wash and stem the grapes. Pack in moisture-vapor proof container and freeze.

The fruit may be used in a cobbler. Here is how--to 2 to 3 cups of the green grapes, add water just to top of grapes. Mix two and one-half cups sugar with three tablespoons flour and add to grapes. Cook until slightly tender but not mushy. Pour into a large flat oblong pan or two pie pans. Dot with butter or margarine. Lattice top with short cake dough. Bake in 425 F. oven for 25 to 30 minutes.

Green grapes may also be made into preserves.

ENGAGED - Mr. and Mrs. John Edwin Dusek, Jr., of Houston, announce the engagement and forthcoming marriage of their daughter Elizabeth to Dudley David Keng, son of Mr. and Mrs. Milroe George Keng of Cleveland, Texas. Miss Dusek is the granddaughter of Mr. and Mrs. J. Edwin Dusek, Sr., of Cameron. The wedding will be on May 28, 1977, at St. Rose of Lima Church in Houston.

SCHOOL NEWS

Buckholts Junior Pamela Haisler will advance to state UIL competition in Austin next week after placing second place in Feature writing at the Regional Meet in Brenham.

Another Buckholts student, Senior Johnny Marek, placed fifth in the Editorial Division of the Journalism competitions.

Pamela is the daughter of Mr. and Mrs. Herman Haisler Sr. and Johnny is the son of Mr. and Mrs. August Marek.

Bake Sale

Get your baked goodies for Mothers' Day on Friday, May 6 starting at 3 p.m. by the Abiding Savior Lutheran Church women. It will be held in front of the Citizens National Bank.

All sorts of cakes, pies, kolaches, breads and many other goodies will be sold.

Meetings

The Fleur de lis Garden Club will meet Thursday, May 12 at 7 p.m. in the home of Mrs. Debs Hensley. Everyone is to bring a sack lunch and a tour will be taken to view wild flowers in the Marlowe community.

There will be an installation of new officers at this meeting.

LOCATE YOUR AIR CONDITIONER on the shady side of the house to save energy.

Comments From Chris

By: Chris Holcombe
Milam County Extension Agent

A pressure canner in safe working order is the key to "get-ready" plans for home canning all vegetables (except tomatoes).

A "make sure" checklist for safe working pressure canners appears below.

--Take off removable pet-cock and safety valves, wash and dry thoroughly. Soak in vinegar to remove any corrosion.

--Use a toothpick or pipe cleaner to clean openings in lid of canner.

--Use fine steel wool and soap to wash bottom part of pressure canner.

--To remove any odors and stains, combine juice of one lemon--two tablespoons vinegar--with two quarts of water. Process at five pounds pressure for five minutes.

--Grease (using vegetable oil) the closing surfaces of metal-to-metal-sealing pressure canners if lid is difficult to remove or steam escapes.

--Replace gasket if rubber has hardened.

--Check dial gauge on pressure canner. Clean weighted gauge thoroughly.

SHARON PYLANT

Air Force Reserve Sharon C. Pylant, daughter of Mr. and Mrs. Jesse L. Pylant of Rt. 1, Rosebud, has graduated at Lackland AFB, Tex., from Air Force basic training.

The airman studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Pylant now goes to Keesler AFB, Miss., for special training in the administrative field.

ELLIS HEWITT

Technical Sergeant Ellis L. Hewitt Jr., son of Mr. and Mrs. Sherman Turner of Calvert, has been named outstanding career noncommissioned officer of the quarter for Wilford Hall USAF Medical Center at Lackland AFB, Tex.

A medical administrative supervisor, Sergeant Hewitt was selected for leadership, professional skill and duty performance. He is assigned to the 6580th Medical Service Squadron, a part of the Air Force Systems Command.

VELMA ELLISON

Velma D. Ellison, daughter of Mrs. Lillian Gooden of Cameron, has been promoted to airman first class in the U.S. Air Force.

Airman Ellison, an administrative specialist, is assigned at MacDill AFB, Fla., with a unit of the Tactical Air Command.

Resolution Honors Late Baylor Head

The Texas House of Representatives has adopted a resolution to pay tribute to Dr. W.R. White, the late former president of Baylor University.

The resolution was read into the House record and approved by unanimous vote on March 31, one week after Dr. White's death.

San Gabriel

By Mrs. W. McDaniel

Those going to Hamilton Saturday afternoon for the shower for Martha Sue Wimberly bride-elect of Jimmie Barnett were Mrs. Buddy Limmer, Mrs. Jamesmie Barnett were Mmes. Buddy Limmer, James Terry, Bill Clark, Jim Stewart, Hugo Linke, Betty Harrison, Betty Northcott, Gary Northcott and Miss Diane Northcott. Martha is the daughter of our former pastor, Bro. and Mrs. Bob Wimberly. He is pastor now at Franklin.

Mr. and Mrs. Richard Heine and Mr. and Mrs. Donny Heine, Darren and Dawn were at Mama Heines for her birthday Saturday. Others there were Mr. and Mrs. Hugo Heine of Corpus Christi, Mr. and Mrs. Herbert Heine, and Rickey, Mr. and Mrs. Jimmie Cane of Taylor, Mrs. George Cuba and children and Mr. and Mrs. Bill Simank.

Shannon and Kim Gifford spent Friday and Saturday with their grandparents, Mr. and Mrs. Guinn Gifford.

Mr. and Mrs. Jim Stewart were in Caldwell Sunday for a pre-mothers day dinner in the home of their children, Mr. and Mrs. Bobby Evans, Travis and Chandler. A blessed event for them Sunday mornings was the baptismal service for their grandson Travis.

Mr. and Mrs. Charles Fitts were in Austin Sunday afternoon visiting friends.

Mr. and Mrs. Donny Heine, Darren and Dawn were in Austin Saturday night for the wedding of Miss Vickie Abner. Then they were over night guests of her sister, Mrs. Johnny Westbrook. Mr. Westbrook and Annie of Austin.

Mr. and Mrs. Ralph Taylor of New Mexico are visiting his sister, Mrs. Ervin Gussel, Mr. Fussell and other relatives.

Maysfield

By Mrs. J. P. Wise

Mr. and Mrs. Hobart Smith of Freeport visited Mrs. Mariema Massengale Tuesday.

Mrs. W. C. Cooper spent the weekend with her son and family the Carl Coopers in Bastrop.

Mr. and Mrs. Elmer Floyd of Freeport visited his sisters, Mrs. Leota Thweatt and Mrs. Dock Thweatt Friday night.

Bob Newton of Austin visited his mother, Mrs. Roy Newton Friday.

Tuesday night guests of

Mr. and Mrs. Harvey Radtke were his brother and wife Mr. and Mrs. Bill Radtke of Houston.

Miss Lois Brown of Westlaco is visiting Mrs. Leroy Massengale.

Mr. and Mrs. David Wolfe and Thomas of Beeville were weekend guests of Mr. and Mrs. Harvey Radtke.

Thomas Thweatt of Boyd, visited his mother Mrs. Fred Hefti Sunday afternoon.

Mrs. Marguerite Massengale has returned home after an extended visit with her daughters in Austin and in Freeport.

Mr. and Mrs. Dennis Lisenbe of Temple are the happy parents of a son born Thursday April 28. He is the first grandchild of Mr. and Mrs. Donald Thweatt of Belton and the first great grandchild of Mrs. Fred Hefti of Maysfield.

Mrs. Harvey Radtke visited her 12 year old grandson in Memorial City Hospital in Houston Wednesday. He suffered a broken leg in an accident at a boy scout camp.

Weekend guests of Mr. and Mrs. E. E. Denison Sr. were their son E. E. Denison Jr. and family and Mrs. Denison's Sr. mother, Mrs. Fred Wood, all of Houston.

Assistance Due For Dry Areas

Senator Lloyd Bentsen Wednesday said legislation approved by the Senate Public Works Committee offers needed assistance to drought stricken areas of Texas and other Western states.

"The drought has placed a crushing burden on the people of West Texas and this bill will help ease the burden," Bentsen said.

Senator Bentsen, a member of the Public Works Committee, said the measure provides \$225 million to help communities improve emergency water systems.

One hundred fifty million dollars of that amount would be available for 40 year loans at 5 percent interest and \$75 million for 50/50 matching grants.

"The drought has the gravest potential, not only for the affected communities, but also for the nation as a whole. I am pleased that the President has requested passage of this legislation and that the Committee has acted favorably on his request," Bentsen said.

"The money it provides can be used for projects to improve, expand or construct water supply systems and it can be used for the purchase or transportation of water."

May Fellowship Day Planned

May Fellowship Day will be celebrated on Friday, May 6, by Church Women in Cameron at Simon George Hall with Catholic women as hostesses at 12 noon.

All participants are asked to bring a covered dish for

the luncheon.

Since the first May Fellowship Day in 1933, it has been traditional for church women to come together on the first Friday in May to emphasize the creative and healing relations that are possible among people in the communities where Church Women United is organized in local units.

The theme for this year's service, "Gifts to Claim," carries the strong implication of the freedom to choose - God offers many gifts to us but ours is the choice of whether we will receive them or not.

Out of the countless gifts of God, this May Fellowship Day Celebration centers on three: the gift of extravagance, which is part of God's grace; the gift that enables us to risk vulnerability, which is part of God's gift of faith; and the gift of mutuality, which is part of God's love.

Obituaries

Henderson

Funeral for Miss Valda Henderson, 62, of Cameron was at 2 p.m. Tuesday in Marek - Burns - Laywell Funeral Home in Cameron.

The Rev. Vernon Dietrich and Rev. J. E. Lafferty officiated and burial was in the Walkers Creek Cemetery.

Miss Henderson died Sunday in an Austin hospital after a long illness.

She was born in Milam County and was a member of the First Baptist Church.

Surviving are her mother, Mrs. W. G. Henderson Sr. of Cameron; and two brothers, W. G. Henderson Jr. of Lake Jackson and Gerald Henderson of Freeport.

Mayfield

C. W. Mayfield Sr., 79, of the Val Verde community died Friday afternoon in a Temple Hospital after a long illness.

Funeral was at 2 p.m. Sunday in Val Verde Baptist Church with burial in the Val Verde Cemetery.

Mr. Mayfield was a lifelong resident of Val Verde. He was a retired farmer and grain dealer and a member of the Val Verde Baptist Church.

Surviving are his wife, Mrs. May Mayfield of Val Verde; three sons, C.O. Mayfield Jr. of Val Verde, Sherman Mayfield of Rogers and John Mayfield of Perryton; one daughter, Mrs. Tiny Mae Butler of Houston; one step brother, Hiram Shaw of Holland; 17 grandchildren and six great grandchildren.

Gommert Funeral Home of Rogers was in charge.

CHURCH SERVICES

The Church of Christ at 800 N. Crockett in Cameron will hold gospel meetings on Friday, Saturday, and Sunday, May 6-8.

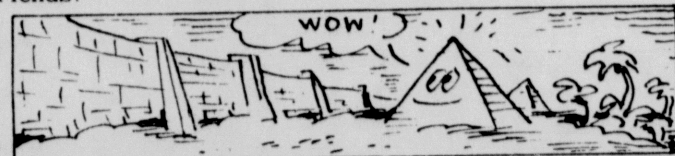

Services will begin at 7:30 p.m. nights and at 10:30 a.m. Sunday.

Speaker will be Bro. Jay Henderson.

Belmena Reunion Planned For June

The Belmena reunion will be held Sunday, June 5 at the Cameron City Park all day with a basket lunch served at noon.

All ex-Belmenians and present Belmena residents are invited to come and have a visit with classmates and friends.

The single largest concrete structure ever made by man is the Grand Coulee Dam near Spokane, Washington.

A BIG WIN for the O. J. Thomas golfers pictured above as they swept the district tourney with a team total of 333, 33 strokes under their op-

position Caldwell who ended the day in second place with a 366. Cameron's 'B' team was third.

OJT Golfers Swing Way To District 23AA Title

The O.J. Thomas Jr. High Golf team traveled to Caldwell on May 2 to compete in the District 23AA golf tournament, with the Cameron A team taking first place while the OJT 'B' team rounded up third place honors.

The Cameron 'A' team finished the day with a combined team total of 333, thirty strokes under the second place Caldwell Hornets who ended the day with a 363. Corley and Murphy Matus of place Caldwell Hornets who ended the day with a 363. 88.

Cameron 'B' team was third swinging their way to a 384 for the day.

Dan Corely and Tommy Schelander, both of Cae Schelander, both of Cameron were tied with 77's after 18 holes. Corely won the medalist honors, defeating Schelander on the second hole of a sudden death playoff. Schelander was second under Corley and Murphy Matus of Caldwell was third with an ended the day with a 363. 88.

Other Cameron scores by grade were: Trevor Turner with an 89, Robert Hudson with a 90, Dennis Marak 91, Kelvin Kelm with a 94, and Neal Trubee with a 120 all of the sixth grade. Seventh grade scores were: Jeff Kimbrel with a 98, Dave Smith with a 100 for the day and Ed Provasek with a 106.

In eighth grade scores, Joe Hollas rounded off the day with a 94.

Golf Coach Jeff Webster said "These young men have finished the year with a good record, improving their game with every round." "We participated in four tournaments, placing fourth at Bryan, third in our home tourney, second in Bastrop and second in the Belton tourney, then finished the year big with the district title." "Our only losses were to three A and Four A schools."

"Books are a finer world within the world." Alexander Smith

SAVING TIPS on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.

10. Keep windows closed. Open outside doors as little as possible.

Window Units Follow above suggestions, plus these:

11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

RASCALS - Coaches, Renee Krenek and Tammy Barrett; Marilyn Raymond, Pam Lewin, Kim Piper, Lynette Barrett, Vicki Morrow, Diana Kopriya, Debbie Vansa, Dusti Webser, Terry Tate, Angela Garner, Nichelle Jones, D'Shun Campbell and Theresa Henderson.

Bowling Roundup

Winners in the Cameron Women's Bowling Association All Star Tournament held on Sunday afternoon at Cameron Bowling Lanes are:

Merri Trdy, first 681; Pat Short, second 628; Louise Neal, third 621; Elizabeth Doud, fourth, 609; Mary Jo Woods, fifth, 602; Peggy Stauffer, sixth, 600; Becky Brashear, seventh, 587; Geneva Isaacs, eighth, 584.

Participants in the tournament were the 40 highest average bowlers and alternates with averages taken from the completion of the winter league bowling season and last summer's league.

The winners were awarded All Star pins and will be classified as the Cameron Women's Bowling All Stars for 1977.

The 1977 Cameron Yoemen Baseball Team are, from left to right; (front row) Daniel Garcia, Stephen Hollas, Ray Moraw, Albert Hanel, (middle) Joe Reyes, Ronnie Orsag, Gerry

Hietman, David Rinn, Mike Barr, Donald Komar, (Top) Coach Roy Knight, Terry Lowe, Darrel Vybiral, Sydney Youngblood, and David Delony.

Fifth Annual Texas 500 Billed As Most Exciting

When the green flag drops at the start of the Fifth Annual TEXAS 500 it may be one of the most exciting races started in history.

The formation of late model stock cars will be going into the first turn at a speed of more than 160 miles per hour, four or five cars abreast.

For the first time the TEXAS 500 will start in the same line up as at the famous Indianapolis 500. Thirty three cars will start in el-

even rows, three abreast. Previously stock car races have been started in rows of two, but the greater width of Texas World Speedway will allow for the three car wide formation.

Billie Saxon, supervisor of the United States Auto Club Stock car division said, "I'm excited about this race, we are going to have the most fantastic start of any race ever. We are expecting forty cars to enter the TEXAS 500 but only the thirty-three best ones will qualify for the race and they will be the best Chevrolets, Dodges and Plymouths in the country. I just can't wait to see them lined up three wide at the start."

Entrants are expected to include Texans A.J. Foyt and Johnny Rutherford, Bobby Unser, Roger McCluskey, Sal Tovealla, Ramo Scott, Bay Darnell and many other super-speedway stars.

The Fifth Annual Classic starts at 1 p.m. Sunday, June 5 with practice and qualifications on Saturday, June 4.

Tickets for the TEXAS 500 are available from Texas World Speedway, P.O. Box AJ, College Station, Texas 77840.

Cy Young of the Boston Americans pitched the first perfect major league baseball game on May 5, 1904.

Program To Honor County Srs.

By Chris Holcombe

May is senior citizens month across the United States, in Texas, and in Milam County. The Milam County Governor's Committee on Aging is sponsoring four activities across the county to honor our older Milam County Residents.

On May 10, the committee will be in charge of the program at the Cameron Community Center. Mrs. Clyde Holliman, chairman of the committee will preside at the program.

The program will open with coffee about 10 a.m. An educational program will be held about 10:45 a.m. with Vivian Pittman presenting a program on the Truth About Arthritis. Paul Chandler also will be on the program.

Following a covered dish luncheon, entertainment will be provided by Max McClaren and group. This program is open to all residents of Milam County who are interested.

A similar type program will be held on May 16 beginning about 10:30 a.m. at the New Salem H.D. Club House in Fair Park in Rockdale.

Plans are underway for one at the Old Providence Church on May 19 in Branchville.

Tentative plans are for one in Gause sometime during the last part of the month.

Alcoa Reports Rising Income

Aluminum Company of America has announced net income for the first quarter of 1977 was \$48.9 million or \$1.40 a common share. Net income for the same period of 1976 was \$22.6 million or 65 cents a common share. Alcoa operates plants at Rockdale, Palestine, Marshall and Point Comfort in Texas.

Return on invested capital (shareholders' equity plus long-term debt) for the 1977 quarter was 6.7 percent on an annualized basis. Return on shareholders' equity, also on an annualized basis, was 11.2 percent.

Sales and operating revenues during the first quarter of 1977 were \$844.2 million, compared with \$647.3 million in 1976.

Shipments of aluminum products in the first quarter of 1977 totaled 447,000 tons. Production of primary aluminum was 351,000 tons.

Commenting on the company's performance, W.H. Krome George, chairman of the board and chief executive officer, said "Demand in nearly all aluminum markets during the first quarter of 1977 was the strongest it has been in more than two years. Alcoa's shipments were 22 percent ahead of a year ago, and prices for most products were up."

"The severe cold weather and energy shortages during the quarter curtailed some plant operations, and the purchase of alternate fuels to replace restricted gas supplies and electrical en-

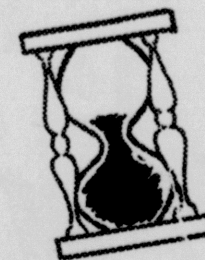

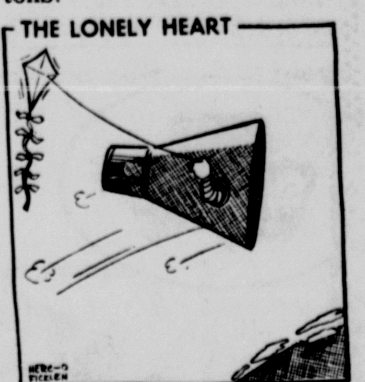

ergy resulted in higher costs in the quarter.

"Foreign currency translation and exchange losses during the quarter totaled \$3.0 million, of which \$2.2 million was applicable to Alcoa of Australia.

"Real estate losses were reduced by the sale of the company's interest in a Florida development property."

George pointed out that consolidated primary aluminum production and shipments no longer include figures from the company's Norwegian affiliate. Alcoa's investment in the partnership now is accounted for under the equity method. This change occurred January 1 when Alcoa sold a portion of its interest in the two Norwegian smelters to its partner, reducing Alcoa's share to 45 percent.

Alcoa shipments for the first quarter of 1976 adjusted to exclude the Norwegian figures were 345,000 tons. Primary production for the first quarter of 1976, excluding the Norwegian figures, was 307,000 tons.

LEGAL NOTICE

Notice of hearing on special benefits to be received from proposed street improvements, and on other matters with reference thereto, which hearing is to be held in the city hall in Cameron, Milam County, Texas, beginning at 5:30 o'clock p.m. on the 17th day of May 1977.

To all owners and to all persons owning or claiming any interest in or lien upon any property abutting on the streets or avenues or portions thereof of the city of Cameron, Texas hereinafter named, within the limits hereinafter set forth, and to all other interested parties and to their agents and attorneys (including the owners and all persons owning or claiming any interest in or lien upon any property lying outside or partially outside the city limits of said city, which property abuts any of such streets, avenues or portions thereof within the limits hereinafter set forth at a point where a part of the boundary of the city of Cameron is upon or along such street or avenue, regardless of whether such street or avenue at that point lies wholly within, partially within and partially without, or wholly outside the city of Cameron, and to all other parties interested in any of such properties, including their agents and attorneys) and to all railways owning or claiming any interest in or lien upon any such abutting properties, and including the owners of any such railways; and to all railways using, occupying or crossing any of such streets or avenues, or portions thereof to be improved, and to all owners and all persons claiming any interest in any of such railways, and to their agents and attorneys:

YOU ARE HEREBY NOTIFIED that the City Council of the City of Cameron, Texas has determined the necessity for and ordered the improvement of certain streets and avenues or portions thereof hereinafter described within the limits hereinafter defined, the nature of which improvements is hereinafter generally set forth; and that said City Council has approved and adopted the estimate, statement and report of the City's Engineer and has taken other proceedings with reference to the making of such improvements, all of which are of record in the Minutes of said City Council, and has by ordinance ordered that a hearing be held, and notice thereof given; Now Therefore, Pursuant to Said Proceedings and such Ordinance, Notice is hereby Given

That a hearing shall be given to the owners and to all persons owning or claiming any interest in or lien upon any property abutting the streets and avenues or portions thereof of the City of Cameron, Texas hereinafter named, within the limits hereinafter set forth (including all railways owning or claiming any interest in or lien upon any such abutting properties, and including the owners of any such railways), and including all railways using, occupying or crossing any of such streets or avenues, and all persons claiming any interest in any of such railways, and their agents and attorneys and to all other interested parties, their agents and attorneys (including the owners and all persons owning or claiming any interest in or lien upon any property lying outside or partially outside the city limits of said City, which property abuts any of such streets or avenues or portions thereof within the limits hereinafter set forth at a point where a part of the boundary of the City of Cameron is upon or along such street or avenue, regardless of whether such street or avenue at that point lies wholly within, partially within and partially without or wholly outside the City of Cameron, and all other parties interested in any of such properties, including their agents and attorneys), before the City Council of the City of Cameron, Texas, which hearing shall begin on the 17th day of May, 1977 at 5:30 o'clock p.m. and shall be held in the City Hall in Cameron, Milam County, Texas, at which hearing all of said owners and other interested parties, their agents or attorneys, and all of said railways and the owners thereof, their agents or attorneys, shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite

LEGAL NOTICE

to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting properties and the owners thereof by means of the improvements for which all of such assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with any such improvements and proposed assessments and/or concerning any matter or thing connected therewith.

The said hearing may be continued from time to time and day to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Council shall have the power to and shall correct any errors, inaccuracies, irregularities and invalidities, and shall have the power to and shall supply any deficiency and shall determine the amount of assessments and all other incidental matters, and shall have the power by ordinance to close such hearing, and by the same or by a later ordinance or ordinances to levy such assessments before, during or after the construction of such improvements, but no part of any assessment against abutting properties shall be made to mature prior to acceptance by the City by ordinance of the improvements abutting the property for which the assessment is levied. It shall not be necessary to levy all of the assessments at one time or by a single ordinance, and said hearing may be closed as to each portion of a street or avenue constituting a unit of improvement (as such units are designated below), after a fair opportunity for hearing has been afforded to all desiring to contest the assessments proposed to be levied against the owners and their properties abutting on a portion of each such street or avenue constituting a unit of improvement; and the City Council shall then have the power to levy such assessments against such abutting properties and against the owners thereof, as provided herein and in the prior proceedings of the City Council herein referred to. No assessment will be made against any abutting properties or the owners thereof in excess of the special benefits to such properties and their owners in the enhanced value thereof by means of such improvements as determined at such hearing. All of said owners, claimants, railways and other interested parties, their agents or attorneys, are hereby referred for further information to the proceedings with reference to said improvements on file and/or of record with the City Secretary of the City of Cameron, Texas, and particularly to the estimate of the City's Engineer, and to the proposed assessment roll wherein the exact amount proposed to be assessed against each abutting property and the owner thereof is set forth; said City's Engineer's estimate and said proposed assessment roll being on file in the office of the City Secretary.

The nature of the improvements for which assessments are proposed to be levied and to which this notice relates is the excavating, grading, filling and permanently paving or repaving or straightening and widening, if necessary, of the hereinafter described streets and avenues or portions thereof, within the limits below set forth, so as to cause said streets and avenues to be paved to the width set out below, from lip of gutter to lip of gutter, and the construction of curbs and gutters, where there is no existing curb and gutter which can be utilized and where there is existing curb and gutter which can be utilized by the reconstructing and realigning of same, necessary, and the construction of such other necessary incidentals and appurtenances as the Engineer in charge of such construction has found to be necessary and advisable, all as shown by the plans and specifications, the exact nature of such improvements being more particularly shown in the plans and specifications which are on file in the office of the City Secretary of the City of Cameron, Texas. Said permanent paving shall consist of 1 1/2" Hot Mix Asphaltic Concrete on

LEGAL NOTICE

6" flexible gravel base.

The streets and avenues or portions thereof to be improved within the limits designated by the City Council are listed below as they have been divided by said City Council into separate and distinct improvement units. There is stated in connection with the listing of each street and avenue or portion thereof within the limits herein defined constituting each improvement unit the estimated amount per front foot to be assessed against the owners of properties abutting such street or avenue or portion thereof and such properties, the estimated amount proposed to be assessed against railways owning or claiming any interest in or lien upon such abutting properties, the amount to be assessed as a tax against any railway using, occupying or crossing any of such streets or avenues within such limits for the cost of the improvements to be constructed in the area between and under rails, tracks, double tracks, turnouts and switches, and two feet on each side thereof, and the estimated total cost of the street improvements in each improvement unit and the width of paved surface to be attained from lip of gutter to lip of gutter.

In Units 1 and 24, there is included in the estimated amount per front foot proposed to be assessed against Lots 11 and 12, Block 6, Country Club Addition and the owner thereof \$4.00 per linear foot for curb and gutter.

Unit, street or avenue and description, width of pavement from lip of gutter to lip of gutter, estimated amount of assessment per front foot against properties abutting streets or avenues being improved and the owners thereof, estimated total cost of improvements:

* In addition to the paving cost, lots 11 & 12, Block 6, Country Club Addition in Unit 1 are being assessed for curb and gutter at the rate of \$4.00 per front foot; Lot 12, Block 6, Country Club Addition in Unit 24 is being assessed for curb and gutter at the rate of \$4.00 per front foot.

IV
The City reserves the right to omit the improvements in front of any properties any interest in which was exempt from the liens of special assessment at the time the street improvements were ordered, and further reserves the right to omit the improvements to entire units or blocks therein where one or more properties therein are exempt from the lien of the assessment and the owners fail or refuse to execute valid mechanics' lien contracts fixing valid contractual liens against such properties, or to otherwise secure the payment of their share of the costs of such improvements, and any such omissions will not invalidate the lien or liability on assessments made against the properties abutting any streets or avenues or any portions thereof being improved.

V
Whenever a part of the boundary of the City of Cameron is upon or along any street or avenue above named which at that point lies wholly within, partly within and partly without, or wholly outside the limits of such City, it is nevertheless the intention of the City Council that the portion of the cost which it is proposed to assess against abutting properties shall be assessed against the properties abutting on both sides of such streets and avenues and against the owners thereof. Done by order of the City Council of the City of Cameron, Texas, in witness whereof we have hereunto set our hands and the seal of said City on this, the 19th day of April, 1977.

77 DRIVE IN MON., MAY 9 TO BENEFIT LITTLE LEAGUE

PUBLIC NOTICE

9:00 o'clock A.M., beginning on Monday the 16th day of May, 1977, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the Cameron Independent School District, until such values have finally been determined for taxable purposes for the year 1977, and any and all persons interested, or having business with said Board, are hereby notified to be present.

(Mrs.) Alice Terry
Tax Assessor/Collector
17-3tc

PUBLIC NOTICE

Town of Buckholts, P.O. Box 278, Buckholts, Texas 76518, has applied to the Texas Water Quality Board for a permit to allow for a discharge of domestic sewage effluent from a sewage treatment plant to serve a population equivalent of 1,000 people, which is to be located approximately 1,600 feet northeast of U.S. Highway 190, and approximately 1,000 feet east of FM Road 1915 on the north side of Buckholts, Milam County, Texas.

It is proposed that the treated domestic sewage effluent will be discharged into a tributary of and thence into Lipan Creek, thence to Big Elm Creek, thence to Little River, thence to the Brazos River.

A Hearing Commission of the Texas Water Quality Board will hold a public hearing on this application which has been fixed for:

9:00 a.m. - June 8, 1977
Stephen F. Austin State Office Building
Room 618
1700 N. Congress
Austin, Texas

to receive evidence on the conditions, if any, under which the permit may be issued, and to determine whether State Certification in accordance with Section 401 of the Federal Water Pollution Control Act Amendments of 1972 may be issued.

Hearing Authority: Sections 21.073 and 21.080 of the Texas Water Code; and Rules 130.01.52 of the Rules of Practice and Procedure of the Texas Water Quality Board.

The record of this proceeding will include evidence taken at the Public Hearing as well as information in the official files of the Board.

The hearing may be continued from time to time and place to place, if necessary, to develop all relevant evidence bearing on the subject of the hearing. Further information concerning any aspect of the discharge, if available, may be obtained by writing David Hume, Hearings Division, Texas Water Quality Board, P.O. Box 13246, Capitol Station, Austin, Texas 78711. Telephone (512) 475-7845

Outdoor Cooking

Here comes summer and along with it the tantalizing aroma of outdoor foods. Most of you will be getting out the charcoal grill before long. Now's the time to check your equipment. If you hurriedly put up the grill last time, it may need a good scrubbing before it can be used. A stiff brush and hot soapy water helps put the grill, spit, forks, back in good shape.

Line the bottom of the firebox with heavy duty foil, then put 1/2"-1" of gravel, sand or insulating pellets over this. Then add charcoal briquets, this lining helps keep the firebox clean and reflects heat for faster cooking. The gravel or sand absorbs the drippings and allows better air circulation so the fire burns better.

"Charcoaling by the Rules" gives complete helps—want one, write.
